Lance Pritchard AWARD OF MERIT NOMINATION

As the President of the Werribee Historical Society and Museum, I have pleasure in introducing Lance Pritchard who has been associated with our Society nearly as long as I have. You may have seen the Book that was sent for appraisal, Hume and Hovell Termination, the amount of research and time spent locating and comparing the bearings and viewings from all the available information was an enormous feat for anyone. Lance has been the backbone of our Society for many years. He has been our secretary for many years and also providing us with reproduction of photographs at a minimal cost. I would like him to receive some sort of thanks for the tremendous amount of work that he has done for our City of Werribee and the preservation of our history. Please see attachment.

Nomintated by Gordon Hope
President, Werribee Historical Society and Museum
